

Seminar diagram of MASTERING ACADEMY

Preparatory Coaching:

Pro Mixing Online Coaching

12-week Online Mixing Coaching Program. This seminar is specially designed for those students who wish to feel more secure in the domain of mixing.

(no prerequisite for Master Seminar)

incl. 6h preparation video training and book

Aim:

Achieve "Mastering-ready" top level mixes with ease and system

Core Course:

Master Seminar

24-week Online Intensive Course. This program builds the fundament for both: Upcoming mastering engineers as well as for producers who want to finalize their own productions and want to extent their horizon.

(Prerequisite for Supervised Mastering & Examination)

incl. 9h preparation video training

Aim:

Based on solid in depth knowledge and extensive training you create masters on a competitive level

Focus Module

In 2020 we will also offer to book single modules from the Master Seminar which will allow you to upgrade from there.

Certificate of Participation

(= Allows you to enjoy student rebate of up to 50% on software purchase)

Continuation for Mastering Engineers:

Supervised Mastering & Examination

(Prerequisite: Master Seminar)

In order to continue Mastering experience, join the 12-week **Supervised Mastering Coaching**. Within this program you will get 1 on 1 feedback from an internationally recognized Mastering Engineer. You will grow with each mastering by comparing and pitching your skills so that you grow with each mastering. You also learn to adapt your tools and environment, so that you further develop your decision making abilities. Supervised Mastering is prerequisite for the examination.

Aim:

Continuative training & consultation program to adapt your skills fully to your working environment to excel your decision making abilities in the mastering process

Examination :
